Dear Ron,

Thank you very much for your letter and the photos. I like the pictures of your school. It looks really great. Our new school is also very nice but it isn't that big. We haven't got four floors and a swimming pool. My sister says that our school is the best. I don't think that it is true.

I have got some new friends here. Sally is eleven years old and she plays computer games a lot. We often play together in the afternoon. Her brother also likes computer games but he plays them with his friends. He is thirteen years old. They live in a flat in the centre of London with their mum. Their father lives in America and they visit him very often. They always go there for the summer holidays.

I'm happy here but I miss you and your dog Killer. My cat is playing with the ball at the moment. She is running in the garden. Sometimes she sleeps outside.

And what about you? Do you have any new friends? Please, write to me soon. You can send me an e-mail!

Love Rebecca
